DECLARATION

I hereby declare that the work being presented in this project report, for the partial fulfilment of requirement for the award of the degree of Bachelor of Technology in Computer Science and Engineering at Madhav Institute of Technology & Science, Gwalior is an authenticated and original record of my work under the mentorship of **Mahesh Parmar, Assistant Professor, Computer Science and Engineering.**

I declare that I have not submitted the matter embodied in this report for the award of any degree or diploma anywhere else.

Sneha Shrivastava

MADHAV INSTITUTE OF TECHNOLOGY & SCIENCE, GWALIOR

(A Govt. Aided UGC Autonomous & NAAC Accredited Institute Affiliated to RGPV, Bhopal)

ACKNOWLEDGEMENT

The full semester project has proved to be pivotal to my career. I am thankful to my institute, **Madhav Institute of Technology and Science** to allow me to continue my disciplinary/interdisciplinary project as a curriculum requirement, under the provisions of the Flexible Curriculum Scheme (based on the AICTE Model Curriculum 2018), approved by the Academic Council of the institute. I extend my gratitude to the Director of the institute, **Dr. R. K. Pandit** and Dean Academics, **Dr. Manjaree Pandit** for this.

I would sincerely like to thank my department, **Department of Computer Science and Engineering**, for **allowing** me to explore this project. I humbly thank **Dr. Manish Dixit**, Professor and Head, Department of Computer Science and Engineering, for his continued support during the course of this engagement, which eased the process and formalities involved.

I am sincerely thankful to my faculty mentors. I am grateful to the guidance of **Mahesh Parmar**, Assistant Professor, CSE, for his continued support and guidance throughout the project. I am also very thankful to the faculty and staff of the department.

ABSTRACT

My Portfolio is the widely made project since it's a paper which defines ourself. It is made using HTML, CSS and JavaScript. HTML to make framework, CSS to beautify it, and JavaScript to make it activate. It contains three sections-

1.ABOUT ME 2. MY HOBBIES 3.HOW TO CONNECT ME

HTML, CSS, JAVASCRIPT

LIST OF ABBREVIATIONS

Abbreviation	Description
HTML	Hyper Text Markup Language
CSS	Cascading Style Sheets

Chapter 1: INTRODUCTION

1.1 INTRODUCTION

1.1.1 HTML

HTML stands for Hyper Text Markup Language. HTML is the standard markup language for creating Web pages. HTML describes the structure of a Web page. HTML consists of a series of elements. HTML elements tell the browser how to display the content. HTML elements label pieces of content such as "this is a heading", "this is a paragraph", "this is a link", etc

1.1.2 CSS

CSS stands for Cascading Style Sheets. It is a style sheet language which is used to describe the look and formatting of a document written in markup language. It provides an additional feature to HTML. It is generally used with HTML to change the style of web pages and user interfaces. With CSS, you can control the color, font, the size of text, the spacing between elements, how elements are positioned and laid out, what background images or background colors are to be used, different displays for different devices and screen sizes, and much more!

1.1.3 JAVASCRIPT

JavaScript is **a dynamic computer programming language.** It is lightweight and most commonly used as a part of web pages, whose implementations allow client-side script to interact with the user and make dynamic pages. It is an interpreted programming language with object-oriented capabilities. This happens in games, in the behavior of responses when buttons are pressed or with data entry on forms; with dynamic styling; with animation, etc.

ALL THESE ARE USED IN CREATION OF WEBSITE AND ARE A PART OF WEB DEVELOPMENT.

1.2 WIDE USE OF JAVASCRIPT

JavaScript helps the users to build modern web applications to interact directly without reloading the page every time. JavaScript is commonly used to dynamically modify HTML and CSS to update a user interface by the DOM API. It is mainly used in web applications.

1. WEB APPLICATIONS

Real world example is:-GOOGLE MAPS.

2. WEB DEVELOPMENT

On websites, JAVASCRIPT is used for validation purpose, used to load the content without reloading the webpage.

3. MOBILE APPLICATION

REACT NATIVE is the widely used framework of Javascript.

4. GAMES

Some of the javascript game engines are PhysicsJS, Pixi.js etc.

5. PRESENTATION

Some of the libraries like RevealJs, BespokeJs etc.

2.3 JAVASCRIPT CODE

```

$(document).ready(function(){
    $(window).scroll(function(){
        // sticky navbar on scroll script
        if(this.scrollY > 20){
            $('.navbar').addClass("sticky");
        }else{
            $('.navbar').removeClass("sticky");
        }

        // scroll-up button show/hide script
        if(this.scrollY > 500){
            $('.scroll-up-btn').addClass("show");
        }else{
            $('.scroll-up-btn').removeClass("show");
        }
    });

    // slide-up script
    $('.scroll-up-btn').click(function(){
        $('html').animate({scrollTop: 0});
        // removing smooth scroll on slide-up button click
        $('html').css("scrollBehavior", "auto");
    });

    $('.navbar .menu li a').click(function(){

```

```

// applying again smooth scroll on menu items click
$('html').css("scrollBehavior", "smooth");
});

// toggle menu/navbar script
$('.menu-btn').click(function(){
    $('.navbar .menu').toggleClass("active");
    $('.menu-btn i').toggleClass("active");
});

// typing text animation script
var typed = new Typed(".typing", {
    strings: ["YouTuber", "Developer", "Blogger", "Designer", "Freelancer"],
    typeSpeed: 100,
    backSpeed: 60,
    loop: true
});

var typed = new Typed(".typing-2", {

    items: 2,  
    nav: false  
  },  
  1000:{  
    items: 3,  
    nav: false  
  }  
}  
});  
});
```

CHAPTER 3: PROGRAM SNIPPETS

CONCLUSION -

This Project helped me in learning so many concepts which are interactive to use and really crucial to learn for software engineering. Javascript ,which is used in project in some or other way.

THANK YOU.
