Subject - Intent Letter regarding the Campus Internship at SNS System

Dear Nitin Sen,

We are writing to provide a letter of intent from our company SNS Systems. In respect of the internship, the drive took place on 10th January 2023.

We appreciate the time and energy you and your Institute have afforded us in organizing this Campus Internship Drive.

We are pleased to inform you that we intend to hire you for a PHP/HTML internship. The salary and benefits will be discussed further via a meeting or an email with a starting date for an internship within the next month.

We have certain terms and conditions to hire an intern in our company. You need to complete your first 2 months of training and 4 months of internship. We need at least 4 months of commitment after your training. If you leave within 4 months after your training then SNS will not provide any internship experience letter and will not verify any live project experience successfully.

Kindly attach an ID proof of yours like an Aadhar card or PAN card according to your wish and attach your signature before responding to this letter.

Your start day will be 23rd January 2023.

We hope to receive a favorable response from you and to welcome you to our company, very soon.

Thank you,

**Satyajit Mondal**
