ACKNOWLEDGEMENT

The full semester internship has proved to be pivotal to my career. I am thankful to my institute, **Madhav Institute of Technology and Science** to allow me to continue my disciplinary/interdisciplinary internship as a curriculum requirement, under the provisions of the Flexible Curriculum Scheme (based on the AICTE Model Curriculum 2018), approved by the Academic Council of the institute. I extend my gratitude to the Director of the institute, **Dr. R. K. Pandit** and Dean Academics, **Dr. Manjaree Pandit** for this.

I would sincerely like to thank my department, **Department of Information Technology**, for allowing me to explore this internship. I humbly thank **Dr. Akhilesh Tiwari**, Professor and Head, Department of Information Technology, for his continued support during the course of this engagement, which eased the process and formalities involved.

I am sincerely thankful to my faculty mentors. I am grateful to the guidance of **Prof Rajeev Kumar Singh**, Assistant Professor, Department of Information Technology, for his continued support and close mentoring through out the internship. I am also very thankful to the faculty and staff of the department.

CONCLUSION

This internship has been really good phase of my life so far it not only on professional, but has helped me a lot on personal front too. For me as fresher working in industry was a whole new experience and taught me a lot. The time in internship was fully worth it. Apart from relevant technologies, learnt a lot about team building, collaborative, nature and networking. This internship taught me professional as well as communication skills. A whole new experience working with the team understanding my capabilities and dealing with the technical conflicts was great.
